A topic which reaches, in essence, each and every one of us, a topic that is intimate and at the same time a topic with a very broad scope. We hope that you will find this topic interesting, and we are looking forward to your entries.

The competition itself has two categories. An art category which is available for every participant based on the conditions stated below, and a literary category available only for Czech schools and participants in the Czech Republic.

During the competition you will be accompanied by the character Vodomil, who was originally created in our first competition as the mascot for the educational water management trail going through Bystřicko and along the river Svratka. Since then, he has accompanied all our events.
